

# Society's Problems Can Best Be Solved Through Community Effort

The need for 'transformative' housing for children and mothers facing crisis, sudden abandonment or abuse has never been greater. With your help there is hope for loving intervention and positive generational change.

## HERE'S HOW YOU CAN HELP.

### Hike for 'FUN-Raising'

We'd love to have you and your family share in this exciting event -- just for fun!  
OR

### Hike for 'FUND-Raising'

Here's how you can help raise awareness and provide much needed housing and programs for local homeless children and mothers:

- 1) **Build a team** - Choose a team leader who secures 2-3 other Hikers to participate.
- 2) **Ask those Hikers** to each get 1-2 other hikers to form a pod of 5-10 Hikers.
- 3) **Each Hiker then contacts** friends and family to contribute \$5-\$10 per quarter mile. Total hike will be between 1-1.5 miles depending on route.

Our Hiking for Hope event allows individuals and sponsors to partner with us in providing a safe, stable and loving environment with programs that will ensure successful transition through mentoring, counseling, therapy, parenting skills, after school tutoring, and much more.

Over 3000 K-12 students in the Redlands Unified School District alone are classified as being "sheltered" homeless--those living in cars, motels, campsites or "couch surfing."

The Blessing Center is dedicated to developing and operating short-term housing for these children and their moms. Hannah's House of Hope and Deborah's House of Hope are currently operational in the City of Redlands as "Housing with Program" facilities with an emphasis on successful re-integration and independent, self-sufficient living.
